TRANSPORT CONTAINERS and BASKETS

Committed to Deliver Quality Products

We are Brunei based Bumiputera company specialised in Engineering Construction

Design and Engineering

ISO Transport Containers for Offshore Spec: BS-12079

Skid Mounted Units, Piping Spec: ANSI B31.3

Design and Engineering Calculation for Lifting Modules

Mud Tanks for Oil Rigs.

Fabrication

Piping and Structural Fabrication as per ANSI 31.3, BSP STD-12

ISO Transport Containers for Shipping.

Crude Oil Storage / Process Tanks

High pressure Steam Lines.

Equipment Modules, Skid Etc..

Pipe lines as per API 1104 , welding of C.S, SS and alloy steel.

DESIGNED BY : BS
 CHECKED BY : SLV
 DATE : 7-Feb-2007
 REVISION : 0

NDT and Inspection

Provision for Third party Certification of welding,

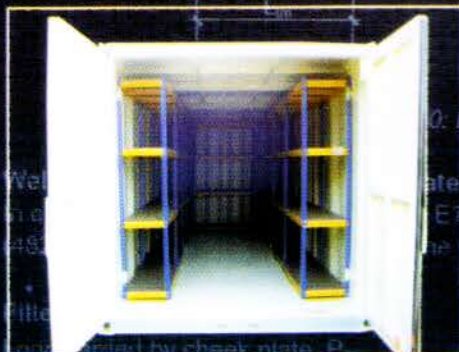

Lifting, Load test, Hydro testing Etc..

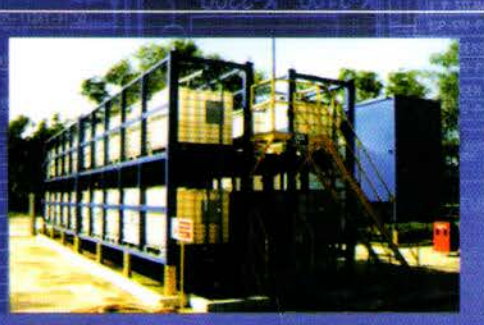

Sand Blasting and Painting

Sand blasting and Painting, BS-12-S-602

Various epoxy coating for high corrosion, Abrasion resistant coatings.

PIPING and STRUCTURAL FABRICATION

ACID STORAGE TANKS

SC Company can provide detail design, engineering and fabrication of Dish end Tank operating under pressure to handle corrosive liquids such as acid, contaminated crude oil, etc... Custom designed tank can be built as per client requirements.
